
Electrical Lead Stand, Adjustable to 2.5 metres

Product Images

Short Description

Electrical lead stand supplied with nuts and washers.

Description

Essential for keeping power leads out of the way on site, lead stands are ideal for areas where extension cords can present a trip hazard or electrical hazard. This lead stand adjusts up to 2.5 metres on a telescopic stem, and carries multiple leads safely off the ground.

- The 'Giraffe' Lead Stand is adjustable, portable, highly visible and very stable
- The polypropylene top is non-conductive and can hold up to 10 leads
- Adjustable From 1.3m to 2.5m
- Portable - the stem is telescopic and the base can be removed for easy handling
- Rounded base for maximum mobility on site
- Highly visible yellow powder coated colour for easy identification on site
- Multipurpose polypropylene hook is non conductive and can take 10+ regular extension cords
- Also suitable for other types of cables and hoses
