

Mea C Series Heavy-Duty Cast-Iron Edge Rail Polymer Channels 200x330mm Class G

Product Images

Short Description

Heavy-duty Class F 900 loading system with lateral ribs & stable anchorage in concrete bed. Covers with optional grating protection available.

Description

The MEADRAIN C series drainage systems are optimally designed for heavy-duty in which high wheel loads act on the channels. With force-fit ductile iron edges, these also meet the toughest requirements. The extensive range of products in nominal widths up to 400 mm with different heights offers the perfect solution even for the most demanding requirements.

Features:

- Loading Class F 900
- Lateral ribs for more stability and optimal anchorage in the concrete bed
- Matching covers for the highest load
- Covers optionally available with boltless grating protection or 4-fold boltable
- Various constructive heights available
