

Mea C Series Heavy-Duty Cast-Iron Edge Rail Polymer Channels 300x300mm Class E 400kN

Product Images

Short Description

Deep ductile iron slotted covers with lateral ribs for stability and matching covers for high loads. Available in various heights and sizes.

Description

The MEADRAIN C series drainage systems are optimally designed for heavy-duty in which high wheel loads act on the channels. With force-fit ductile iron edges, these also meet the toughest requirements. The extensive range of products in nominal widths up to 400 mm with different heights offers the perfect solution even for the most demanding requirements.

Features:

- Loading Class F 900
- Lateral ribs for more stability and optimal anchorage in the concrete bed
- Matching covers for the highest load
- Covers optionally available with boltless grating protection or 4-fold boltable
- Various constructive heights available
