

# 100x60mm Deep Stainless Steel SureGrip Heelguard - Class B

## Product Images

## Short Description

The 100x60mm Deep Stainless Steel SureGrip Heelguard is ideal for car parks, shopping centres, schools, and public areas to provide slip-resistant flooring.

## Description

---

MEA DRAIN Supreme is the ideal solution in terms of functionality and visual appeal. Thanks to its slender edge rails, this product range's perfect joint with adjoining slabbed and paved surfaces is guaranteed. The edge rails are embedded in channel bodies made from eco-friendly, high-strength polymer concrete which protects groundwater reliably from chemically aggressive liquids.

### Features:

- Wide range of grate options
- Safe and secure
- Various depth options

### Uses:

- Car parks
- Shopping Centres
- Schools
- Public Areas
