

200x130mm Deep Stainless Steel SureGrip Heelguard - Class B

Product Images

Short Description

The 200x130mm Deep Stainless Steel SureGrip Heelguard is a reliable and sturdy slip-resistant flooring option for car parks, shopping centres, schools, and public areas.

Description

MEA DRAIN Supreme is the ideal solution in terms of functionality and visual appeal. Thanks to its slender edge rails, this product range's perfect joint with adjoining slabbed and paved surfaces is guaranteed. The edge rails are embedded in channel bodies made from eco-friendly, high-strength polymer concrete which protects groundwater reliably from chemically aggressive liquids.

Features:

- Wide range of grate options
- Safe and secure
- Various depth options

Uses:

- Car parks
- Shopping Centres
- Schools
- Public Areas
