
900mm Slim Body Traffic Cone - Nzta Approved

Product Images

Short Description

900mm Slim Body Orange Traffic Cone Orange. NZTA approved.

Description

NZTA approved orange traffic cone with 2 bands of class 1 reflective tape. Cone is manufactured from a single piece of PVC material making it strong and flexible. Measuring 900 mm high, each cone weighs 4.5kg. The well balanced weight allows it to withstand moderate weather and wind.

This slim body traffic cone stands nearly a metre tall meaning it is ideal for situations where visibility is critical yet space is limited.
