
Temporary Supplementary Road Signage

Product Images

Short Description

New Zealand road work signage with the word TEMPORARY in bold black lettering on an orange background measuring 900 x 300mm. Manufactured from durable Aluminium.

Description

This sign is added to a temporary speed limit sign during road works and maintenance. The sign is designed to alert motorists of changes to the regular road speed limits for a particular section of road. For example, if the usual speed limit is 100kph, but during road works, you might see a 30kph sign with this 'temporary' sign underneath, advising of the temporary reduced speed.
