
Temporary Supplementary Road Sign 1200

Product Images

Short Description

Large aluminium 1200 x 450 mm road signage for use with temporary speed limit signs during road work. Designed to warn approaching drivers of changes to normal road speed limits. For example, if the usual speed limit is 80kph, but during road works, you might see a 30kph sign with this 'temporary' sign underneath, alerting motorists of the temporary reduced speed.

Description

1200 x 450 mm temporary traffic control road work sign with the text TEMPORARY in easy to read black lettering on an orange background measuring 900 x 300mm. Manufactured from durable Aluminium to withstand outdoor weather conditions.
