Product Images

Short Description

This self-adhesive sticker warns users of potentially hazardous crush zones on machinery and vehicles.
100x120mm

Description

Ensure you are compliant and meet safety standards with this 'crush zone's self adhesive vehicle & truck sticker. Measuring 100 x 120mm, it is made from self-adhesive vinyl - an outdoor heavy duty permanent adhesive vinyl. Simply peel the backing paper off and apply the sticker to any clean smooth surface. This yellow and black sticker features a highly recognisable pictogram alerting machinery users to crush hazards. The compact size means it can be placed near machinery handles and openings. The legend reads 'WARNING Crush Zone, keep clear when engine is running.
