

Replacement Mesh Visor for Chainsaw Browguard

Product Images

Short Description

Single replacement Visor that suits PRO Choice chainsaw head protection. Durable stainless steel design, ideal as a spare visor or as a replacement for lost or damaged visors.

Description

Replacement mesh visor for use with our chainsaw head protection safety helmet. This is for a single replacement mesh visor only. Jaybro also stock clear visors, visor holder caps and chainsaw head protection kits.

This visor fits pro choice browguards - BG and HHBGE. Manufactured from high-quality Stainless Steel and is a one piece wrap around design.

Donning PPE including head and face protection is essential for professionals. Using a chainsaw or brush cutter places the users in a high-risk category for injury resulting from debris.
