Short Description

Portable 500 litre spill kit. Ideal for medium to large spills in workshops, storage areas, production and manufacturing areas and more.

Description

Be prepared with a spill kit that is sized for your site. Spill kits are convenient and compact bins containing everything you need to mop up a spill quickly and safely. They contain the equipment you need when you need it. Plus, because they are portable, they can be positioned near potential spill areas, or near chemical or

fuel storage zones. It’s crucial to have the right spill kit for the fluids used at your site. Spill kits are sized by litres, ie this 500L spill kit is intended to absorb up to 500 litres of liquid.

This 500L general purpose spill kit will contain and absorb up to 500 litres of hydrocarbons such as oils, fuels and degreasers and non-aggressive water-based liquids like paints and coolants.

Kit contains:

- 15 x 1m socks
- 4 x Large floor sweep
- 100 x 450mm x 500mm pads
- 20 x Heavy duty contaminated waste bags
- 3 x Pair chemical nitrile gloves
- 3 x Safety specs
- 6 x Disposable masks
- 20 x Heavy duty Contaminated waste bags
- 5 x Coveralls
- 1 x Dust pan & brush set
- 1 x Instructions
