

# Heavy Duty Steel Expanding Barrier - 2.5 metres

## Product Images

## Short Description

---

Heavy duty scissor-style expanding barrier, 2.5m long. Powder coated steel folds down for easy storage. Weighs approximately 20kg.

## Description

---

Strong, lightweight steel design, folds down accordion style. Compact and lightweight, this powder coated red and white folding pedestrian barricade expands to 2.5m wide. Made from lightweight steel, powder coated for durability, its easily visible red and white design makes no-go areas clear to passers by. Suitable for both indoor and outdoor use, the heavy duty steel expanding barrier is a convenient pedestrian demarcation solution, and a series of units can be linked together to form longer runs of fencing if required.
