

Portable Kerb Ramp / Pedestrian Ramp

Product Images

Short Description

Portable kerb ramp provides a passageway for pedestrians during footpath works. Overall Size 1300 mm L x 85 mm H x 700 W

Description

Providing safe pedestrian passage during road works and building, this portable kerb / pedestrian ramp is ideal for use where a footpath has been closed for street works. This lightweight and easily portable ramp provides a safe means for wheelchair and pram users to move from footpath to road level without dropping down into the gutter. Jaybro stocks a range of safe plates and trench covers, deployed to provide safe passage for pedestrians in different situations.

Hard wearing and designed for use in the civil and construction industries, this highly visible yellow kerb ramp is essential during works where footpaths are closed.

- Lightweight and portable
- Overall size 1300 mm L x 85 mm H x 700 mm W
- Stackable for easy storage and transport
- Recessed fixing points
- Textured bright yellow surface for safety
- Tensile Strength: 15.0MPa
- Elongation at break: 500%
- Impact Elasticity 31%
- Abrasion Performance 0.21cm³/1.61km

Additional Information

SKU	49-KRRA
U.O.M	EA
Weight	10
Width	700 mm
Height	85 mm
Length	1300 mm
