

Dustpan and Broom Set

Product Images

Short Description

Durable dust pan and brush set with long bristle brush and dustpan. Lengthened high-density bristles are designed for improved surface coverage and drive dust effortlessly into the wide pan.

Description

Hand held dust pan and brush with side ridges for brush cleaning. This dust pan has an ergonomically designed handle with soft grip for ease of use.

The flexible rubber edge at the front of the pan helps to collect dust particles and avoids bust sweeping below the dust pan. Lengthened high density bristles are designed for improved surface coverage and drive dust effortlessly, manufactured with soft & durable PVC flagged bristles to trap dirt, providing exceptional performance.
