

P5 Telstra Composite Pit Lid

Product Images

Short Description

P5 Telstra composite pit lid equipped with Radio Frequency Identification (RFID). Telstra, NBN & TPG Approved. Class B load rating - Complies with AS/NZ 3996.

Description

This Telstra P5 pit lid cover is constructed from strong 50mm thick composite to fit Telstra pits. At 20kg it provides a rugged cover for pits. Measures 648mm long x 398mm wide and is approved to Australian Standard AS3996. This pit lid has a textured surface to reduce slip hazards and prevent water pooling. Features a standard pit lid lifting hole compatible with regular [lid lifting tools \(also available from Jaybro\)](#).

Jaybro has a range of Telstra pit lids for sale, each fitting neatly within the preformed rebate at the top of the pit or pit riser. Pit lids sit flush with the top of the pit making it strong and safe. Our pit lids come in electricity, communications, Telstra, Optus and NBN, in all sizes - please enquire for special requests.
