

P5 Communication Concrete Pit Lid

Product Images

Short Description

P5 communication concrete pit lid

Description

This P5 communication pit lid is constructed from concrete to fit P5 pits. At 30kg it provides a rugged heavy duty cover for pits. Pit cover measures 650 mm long x 395 mm wide and has a textured surface to reduce slip hazards and prevent water pooling. Features two standard pit lid lifting holes compatible with regular lid

lifting tools (also available from Jaybro).

Jaybro has a range of Telstra pit lids for sale, each fitting neatly within the preformed rebate at the top of the pit or pit riser. Pit lids sit flush with the top of the pit making it strong and safe. Our pit lids come in electricity, communications, Telstra, Optus and NBN, in all sizes.

Working on an excavation or underground project?
