

PORTABOOM Solar Panel Accessory

Product Images

Short Description

120W Solar panel accessory to suit Portaboom portable boom gates.

Description

Used as an accessory to the PORTABOOM remote controlled mobile boom gate, the PORTABOOM® 120W

Solar Panel replaces the 40W Solar Panel and provides power to the PORTABOOM® unit. Eliminates the need for interval recharging of the PORTABOOM® unit.

- Ideal for use when PORTABOOM® units are required on longer-term worksites
- Eliminates the need for interval recharging
- Ensures enough power for usage even on darker days
- Supports PB2000L Accessories including LED Boom Lights, Traffic & Pedestrian Lights
- Easy to install
