Product Images

Short Description

Emergency shower signage, size: 600 x 450mm, material: polypropylene. White Text and Symbol on a green background. Notify and direct employees to the location of your workplaces Emergency shower Station. Durable Polypropylene signage that is suitable for indoor and outdoor use.

Description

600 x 450mm First Aid Emergency Shower Sign. Install in your workplace to direct and inform employees of the location of the emergency shower location. Designed in industry recognisable green with white text and pictogram.

This sign is manufactured from 1.6 mm polypropylene with a 5-year weather resistant coating and is suitable for indoor and outdoor use. Coming standard with rounded corners and pre-drill mounting holes. The round corners reduce the chance of catching, cutting and tearing. The pre-drilled holes make installation easy.

First aid emergency shower station is essential equipment for every working environment that use chemicals and hazardous substances. The safety shower stations are designed to reduce workplace injury and keep workers safe from various dangers.

As a major supplier of traffic, first aid and safety signs, Jaybro has the capabilities to custom make signage from steel, polypropylene, Coreflute and self-adhesive vinyl. We can help design and manufactured signs to suit your needs.

Poly signs are more durable and UV resistant which will mean that they will last longer than any other options. Saving you time and money not having to replace broken, lost or faded safety signs

The advantages of polypropylene signs; they are UV stable and resists fading and cracking for up to 5 years. lasts longer than Coreflute and metal (will outlast Coreflute up to 7 times). they are flexible, they won't dent or crease and are cheaper than metal. They can't be pulled off fences like flute, yet are easy to handle.
